Subject: - Permission to carry out E-waste collection drive in our college

Respected Sir,

As per the requirement in NAAC Criteria-VII and discussion with NAAC Coordinator, we are planning to collect E-waste voluntarily from our Staff, Student and Institution.

E-waste is that electronic product that have become non working and essentially reached end of their useful life.

E-waste affects nearly every stream in human body. As this e-waste consists of plethora of toxic components including Mercury, Lead, Cadmium, Lithium etc. even the plastic causing of electronic product contain a Polyvinyl Chloride which effects human health that includes Birth Defect, Brain, Heart, Liver, Kidney even the nervous system.

If we approach an authorized dealer for E-waste disposal it will be helpful for the institution to get reed of this harmful E-waste if possible reuse of some of E-waste example tree numbering etc.

Kindly grant the permission for the noble cause.

Thanking you.

Yours faithfully,

Harshal
