E-Governance policy

Object:

1. To Implement E-governance in the institution for smooth functioning
2. To increase efficiency through this implementation in various functioning
3. Facilitating online communication between various entities of the institution

Policy:

1. In order to provide simple and more efficient system of e-governance within the institution.
2. The institution has already started with e-governance in some aspects of functioning like library, admission, Examination. We are resolving implementation of e-governance in some more areas and with this aim we have drafted framework of this policy.
1. **Website:** The website should act as a college mirror that provides all the information and all the activities, important notifications, etc. They should be made easily accessible to outsiders. For this purpose, a separate website committee has organized itself, liaising with a service provider / web designer who can be appointed by the SICE Society under the direction of the head.
2. **Student Admission:** The College has implemented all admissions in online mode from Academic Year 2020-21 onwards.
3. **Accounts:** To make it easier to keep accounts, the institute is already using Tally software.
4. **Library:** The library has its own unique webpage in the college website for organized work. The library currently uses SOUL 2.0 & N-LIST software for its internal functionality and the use of e-resources. Training of staff and students to use e-learning resources should be provided for the use of online resources. And the barcode system has started in the OPAC system so that others can use library resources more effectively. We are planning to include additional e-learning resources for the benefit of teachers and students.
5. **Administration:** To provide easy and affordable hassle-free process, major university administrative work to be managed with ICT-based technology. Students should also be

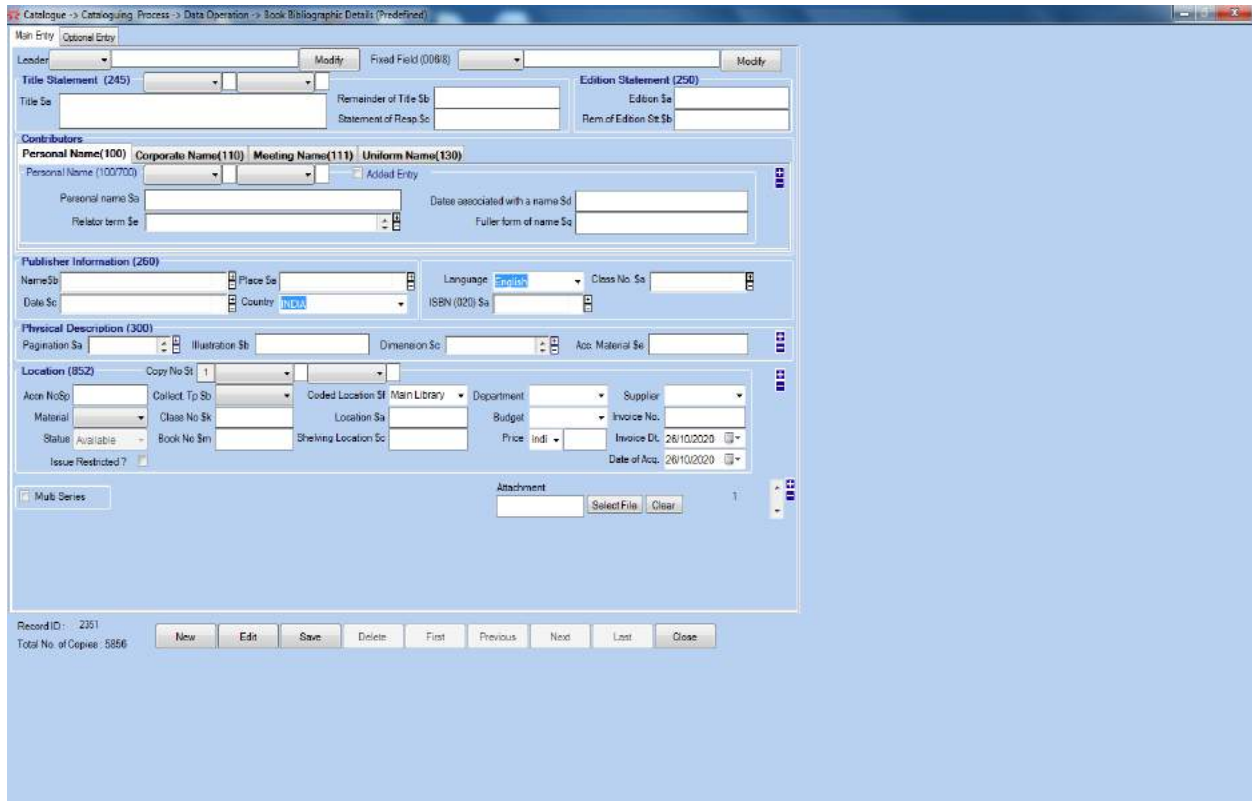

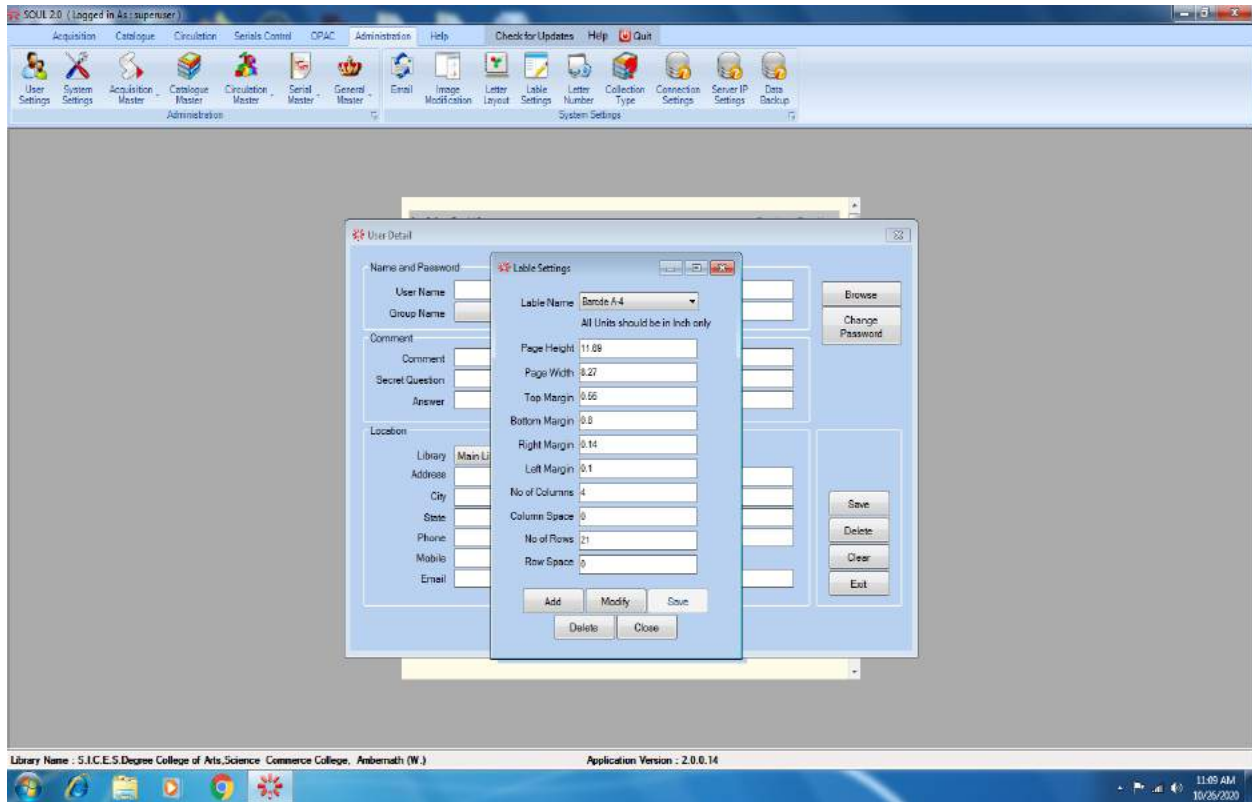

able to access advanced services such as transfer certificates, bonafide certificates, etc. in online mode.

6. **Examination:** At the behest of the University of Mumbai, it is mandatory to administer the exams online. Completion of examination forms, renewal forms, duplicate forms, receipt of hall tickets, revaluation of examination papers, upload of marks, etc. everything should be done online. Confidentiality needs to be maintained while handling online examination work. The Chairperson of the College Examination (Examination Coordinator) oversees the entire examination process under the direction of the College Principal. The College conducted online tests using the Aadmin software in the COVID 19 epidemic.

A warm and hearty welcome to all. SICES Degree College of Arts, Science & Commerce affiliated to University of Mumbai, was established in the year 2008-2009 and is a part of South Indian Children's Education Society popularly known as SICES established in 1943 by LATE SHRI N. SHANKARAN NAIR (Founder President).

This is a great initiative taken to motivate every student who enters this temple of learning in such a way that he/she will step out as a complete individual well versed to face the fast and competitive world ahead. We are committed to develop our infrastructure for the benefit of our students and staff.

Choosing where to continue your education is a major decision and I believe that SICES College will be a choice you will not regret, especially if you are ambitious and determined to succeed. As we are in developing stage, we focus on the needs of each individual student and aim to nurture them in order to ensure their journey at SICES College is successful and improves their future prospects.

Welcome to S.I.C.E. Society's Degree College of Arts, Science & Commerce

Library is considered to be soul of any educational institution and it plays a very important role in the field of education. Education and library adjoined together; one cannot be separated from another. Library is aptly referred as heart and soul of any educational institution.

Degree College library is the hub of all library activities established to accomplish the research and academic objective of the college. It is located in the second floor of the Degree College building giving access to its rich and paramount collection of primary and secondary Resources to its entire user's community. Keeping in view of its vital role, the library is being constantly augmented by the acquisition of latest books, journals and electronic resources.

The library has adopted the Dewey Decimal Classification system (23rd Edition) for classifying the books and AACR –
