Kamshet

Sub: Request to allow the students to visit your Industry on 27<sup>th</sup> January, 2024

Respected Sir / Madam,

We are pleased to introduce our self as a reputed institution in Thane District conducting Science, Commerce, Arts & Self-Finance courses approved by University of Mumbai.

A Study tour has been organized for our First year, Second year and Third year students of Commerce and Arts as a part of the curriculum on 27<sup>th</sup> January, 2024 our students accompanied by 10 Asst. Professors would like to visit your facility so that they get a practical exposure of how the production operation functions. Also we would like to have the guidance from the managers which will help students get insights on the practicability of the course. It would be highly grateful if you could share the history as well as the growth pattern of your institute. The students would be delighted to visit your esteemed organization and learn the working of it.

Looking forward for a favorable response.

Regards

**Subject: Permission to conduct Industrial Visit for Self-Finance students (BMS, BAF, BBI)**

Respected Madam,

With regard to the conduction of Industrial Visit for the Self-Finance students (BMS, BAF, BBI), which is arranged by the college each year, we had a meeting with the tour operator Mr. Pratik Kharat (World of Travel & Tourism), and received the quotation of Jaipur, Rajasthan for 4 nights and 5 days costing approximately Rs. 6000/- (02 nights overnight journey in the train and 2 nights in the Hotel)

As per the academic schedule, we can arrange the Industrial Visit in the month end of January or in the month of February and as per the availability of the train reservations. We need your kind permission to arrange for the same.

Kindly do the needful.

Thanking you,

Yours faithfully,

*Uma.*

Great service  
No  
Yes, 1)when you are on tour especially with students and teachers, kindly avoid smoking, consuming alcohol 2) Regarding the property, it was ok, but can be better for next time. 3)Very little mismanagement was there. I take it as the tour was organised in a very short period of time, so for that the things were good.

Everything was good just keep it up

No

Eeeeeuuuu

Nothing

Tour leaders are amazing they were so kind and sweet to everyone

No

Best management team and leaders. The stay the food was excellent. Looking forward to do such tours again.

overall the tour was well organised by the organisers but the accommodation rooms was not well maintained.

Nothing

To,  
The Director  
Mr. Sudesh Mishra  
Farmson Pharmaceuticals Pvt. Ltd.

Subject – Request to Permit for Industrial visit to B.Sc. Students

Good Afternoon Sir,

Kindly consider our request to visit your renowned industry the “FARMSON Pharmaceutical Pvt. Ltd” and help our students to get practical knowledge of Pharmaceutical Industry, which will help them to explore their concepts and experience how actually the Pharmaceutical Industry works and its different components.

Following are the details of Visit

- 1) Name of College - SICES Degree College, Ambarnath, State Maharashtra
- 2) email id - sicesdegreecollege@gmail.com  
yogesh\_shelar2@rediffmail.com
- 3) Students Visiting are of BSc (FY+SY+TY)
- 4) Date - 2<sup>nd</sup> March 2024
- 5) Time 1.00 pm
- 6) Strength - 58 students + 03 staff

Kindly consider our request and Please do the needful

Thanking You,

*Swapna Samel*  
Dr. Swapna Samel

To,  
The Chairman,  
Common Effluent Treatment Plant ,  
Nandesari Industries Association,  
Vadodara,Gujarat.

Subject - Regarding Industrial visit to B.Sc Students.

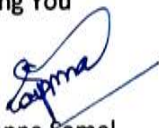

Respected Sir,

Our BSc students would like to visit your industry effluent treatment plant at Nandesari industries Association. Following are the details of visit

- 1) Name of College - SICES Degree College of Arts, Science & Commerce, Ambarnath.(State: Maharashtra)
- 2) Email id - sicesdegreecollege@gmail.com  
yogesh\_shelar2@rediffmail.com
- 3) Class & Course : FY BSc , SYBSc ,TYBSc
- 4) Date of visit - 2nd March 2024
- 5) Time 12.00 noon
- 6) Total visitors – 58 students + 03 staff

If possible kindly recommend any industry nearby industry interior manufacturing and production process to our students. It will be a great help to our students to have practical exposure.

Thanking You

  
Dr. Swapna Samel

Cc: "aruna.joshi-botany@msubaroda.ac.in" &lt;aruna.joshi-botany@msubaroda.ac.in&gt;

Respected Madam, I, Dr. Alpa K. Patel, incharge of Botany Department of S.I.C.E.S. Degree College, Ambarnath (W), Thane, Maharashtra, seeking permission to visit the Botany research Lab of Sayaji University, Vadodara. As we have organised the 3 days visit to Vadodara as a Study Tour, we are interested in visiting the University.

Kindly do the needful

Date of Visit : 02/03/2024

Time: Morning session as per your choice.

No of Students : 65

No of Staff Members : 03

Thanks and Regards

Dr. Alpa K. Patel  
Assistant professor in Botany  
S.I.C.E.S. Degree College

Mon, Feb 19, 2024 at 7:59 PM

To: Alpa Patel &lt;alpap25@gmail.com&gt;

Dear Dr. Alpa

Well as per our earlier conversation you can definitely visit my Plant Tissue Culture Lab. It would be preferred if you can make it by 10-10.30 a.m. If you want to visit Botanical Garden then you need to take permission for the same from the Superintendent of Garden.

Regards,

Prof. Aruna Joshi

To: Aruna Joshi &lt;aruna.joshi-botany@msubaroda.ac.in&gt;

Hello Mam, Thanks for the permission, I have also sent the mail to padamnabhi.nagar-botany@msubaroda.ac.in and ns.r.krishnayya-botany@msubaroda.ac.in, but didn't get the reply till the date. Mam if You have the Contact number of Botanical Garden, please provide, I will communicate for the permission.

Thanks and Regards

The overall liquid medium environment, remains at ambient conditions. Controlled cavitation can be used to enhance chemical reactions due to disassociation of vapors trapped in the cavitating bubbles.

This principle is used in the mineralization of bio-refractory compounds which otherwise would need extremely high temperature and pressure conditions.

By this technology, very difficult waste water having recalcitrant organic matter generated from H-Acid, Vinyl Sulphone, 4-NAP, 4-CAP, CPC, Nitro compounds, Nitro aniline compounds, naphthalene derivatives etc. has also been possible. phenolic compounds, ammoniacal nitrogen after treatment are found to be below detectable limits.

NEERI, Nagpur has authentication this process as an advanced method of treatment for waste water.

The cost of treatment is very low (Rs. 0.08 - 0.12 per litre depending on the COD present in the waste water and cost of chlorine. Waste water containing very COD (80,000 - 90,000 mg/L) have also been successfully treated. TDS also do not pose any problem to treatment.

**Chlorine handling shed at CETP, Nandesari**

**Chlorine Vaporiser**

**Birds Eye View of 4 reactors at CETP, Nandesari**

**R & D Centre at CETP, Nandesari**

**Stages of Treatment**  
Results of Hydrodynamic Cavitation by insitu generation of HYROXYLJON

**Advanced Analytical Laboratory**  
with GC-MS, MPAES, AAS, GC etc.

# NANDESARI INDUSTRIES ASSOCIATION

153/A, G.I.D.C., Nandesari, Dist. Vadodara - 391 340.

Phone No. : 0265-2841016 / 2840321 / 2840078

email : nia\_cetp@yahoo.co.in / niacetp@gmail.com

Web. : www.niacetp.com

Nandesari Industries Association under the guidance of the Chairman, Shri Babubhai Patel operates the Common Effluent Treatment Plant (CETP) at GIDC, Nandesari. The present operational capacity of the CETP is 12000 m<sup>3</sup>/day. The Industries discharging waste water to the CEPT are varied in nature and comprise of following :

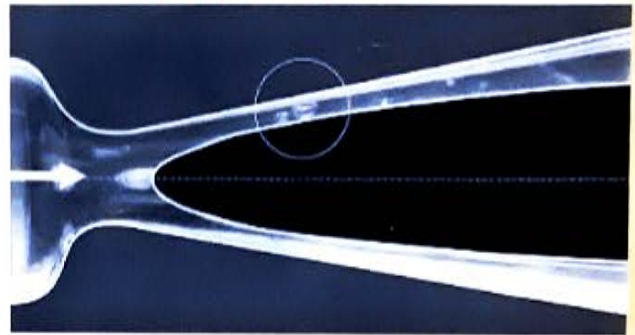

32%	Dye and Dye intermediate units
23%	Pharma and pharma Int. units
22%	Synthetic Organic units
14%	Inorganic units
4%	Recovery units
3%	Pesticide units
2%	Engg units

Units vary from small scale industries to the largest Producer of Bulk Drugs like Paracetamol. The waste water generated from these industries vary in quantity and organic matter. Due to low BOD:COD ratio, the biological treatment was not possible. So, the R&D analytical Laboratory located at CETP developed a new Innovative technology based on Hydrodynamic Cavitation where oxidation of the organic matter is achieved by calcium hypochlorite and hydroxyl ion generated insitu. The CETP has been running successfully for the last 5 years. CETP has provided this technology to its member industries also and at present about 80 industries are using this technology to pretreat the waste water before sending to CETP as per the inlet norms. CETP has carried out treatability studies for about 300 industries located in Gujarat and Maharashtra, Rajasthan, Karnataka.

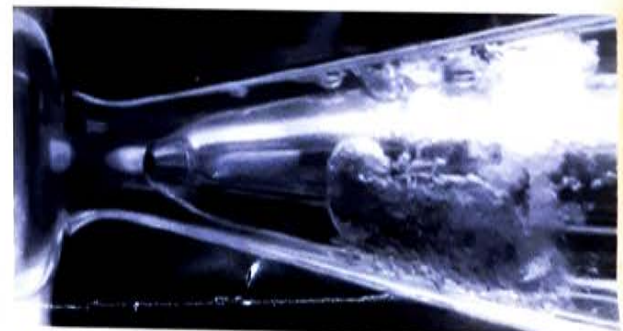

NIA offer treatability studies to any industry on receipt of 200 litres of composite waste water. NIA CHARGES Rs. 50000/- per Sample + GST.

NIA also offers turnkey solutions right from treatability studies to implementation and commissioning.

## Theory of Hydrodynamic Cavitation :

At low flowrate, water is everywhere free of cavitation. Velocity is maximum in the section of minimum area and pressure is then minimum. When the flow rate is progressively increased, the minimum pressure decreases and there will be a critical flowrate for which the vapour pressure is obtained at the throat. At this operating point, cavitation appears in the section of minimum area. In Figure, two bubbles are clearly visible in the upper part of the Venturi. This is the start of the cavitation state.

If the flow rate through the Venturi is further increased, the extent of cavitation increases. At this point the Calcium hypochlorite (generated insitu) when injected will oxidise the organic matter in exploded bubble and due to the large surface area available.

The process of bubble generation, and the subsequent growth and collapse of the cavitation bubbles, results in very high energy densities and in very high temperatures and pressures at the surface of the bubbles for a very short time.

**Subject:** Permission for visit to MIMIC industries, Ambarnath additional MIDC

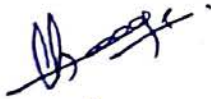

Respected Madam,

The department of physics would like to organize a visit to MIMIC industries, Anandnagar additional MIDC for the students of FYBSc, SYBSc, TYBSc (Physics). The industry produces physics related products like lamps and railway signal related instruments. It will give practical exposure to the students.

Proposed date of visit is 20<sup>th</sup> April 2024. Kindly grant us the permission for the visit.

Yours faithfully,

Dr. P. G. Hudge

Dr. V. V. Deshmane

Dr. D. M. Sapkal

**Subject:** Regarding industrial visit.

Respected Sir,

With reference to above subject, the students from Department of Physics would like to visit your esteemed industry to gain practical knowledge and experience. The Students of first, second and third year of physics would find it beneficial for choosing their future career.

We request you to allow us for the visit on 24<sup>th</sup> April 2024 at 10 am in the morning. Kindly give the permission for the same.

Thanking you,

Yours faithfully
